What . Queer?

**Queer is the end of structure
and the resistance to the
epistemological violence**
**Queer is being the lowest of the low
the absolute scum of the earth
the bottom of the sexual pyramid
and somehow still taking pride in it**
**Queer is the galaxy of endless possibilities
situated just behind those prisons
of the binaries**
**Queer is me realising I can be
everything and nothing
that I don't have to choose**
**Queer is the driving force that makes me
want to break the fetters I am bound in
Amma, Queer is me
I am Queer, Amma."**

STYCR

**i made a mosque in the mouth of
a white girl when i was seventeen
deserted myself to worship her
word already familiar with the violent
silences, or are they absences
that come after prayer**
**i snuck past her sleeping mother
climbed fences and crawled
through awning windows
prostrated onto her skin
as if it were velvetine janamaz
when she stopped leaving
the window unbolted**
**i'd stare at the mihrab of her pale back
through the only hole in the picket fence
my left eyeball is trapped**
i walk around with one empty socket
